## Växtskyltar 2017

Nya bilder inför säsongen 2017 är markerade med fet stil

**OBS:** vid en del växtnamn står sorter med *kursiv text*. Dessa sorter finns angivna i en separat ruta på bilden och är nära varandra i utseende. Det är ett sätt att anpassa antalet varianter av bilder till en hanterlig omfattning. Men nya sorter kommer hela tiden till och du kan naturligtvis använda bilderna även för andra, liknande sorter.

Om du enbart beställer skyltbilder fyller du enklast i antal, företag, adress och leveransvecka direkt i Sortimentlistan. Beställer du även andra varor kan du fylla i leveransuppgifter på ordinarie beställningslista.

Jag vill ha skyltbilderna levererade i

- SPR-format (13 x 18,5 cm) 30 kr/st
- GR-format (14,5 x 20,5 cm) 35 kr/st
- A5 liggande (21,6 x 15,4 cm) 35 kr/st  
OBS: enkelsidigt tryck
- A4 stående (21,6 x 30,3 cm) 45 kr/st
